

Services SETA Official feedback on accreditation 2023 and 2024

Good day

As per our telephone conversation this morning please note that the industry still has up to the 30th June 2024 to enrol learners on the unit standards or qualifications whose end date is the 30th June 2023.

The industry will also have three years to exit learners after the 30th June 2024.

This means that they will have up until 30th June 2027 to exit learners.

Please check the example of the unit standard below – check the “**Last date for enrolment**” and the “**Last date for achievement**”.

<https://regqs.saqa.org.za/viewUnitStandard.php?id=229998>

As a Skills Development Provider you must check and make sure that it is up to date with the Accreditation Unit.

Dear SDP

Thank you for your email, please be advised that Training material is only evaluated upon submission of the application.

Please note that at this stage all Historically Registered Qualifications will expire on 30 June 2023 and we no longer going to Accredite/recommend providers for Historical Qualifications, however providers who are already accredited for Historical qualifications can still train and exit learners until the Last date for enrolment **2024-06-30**.

You may also refer to the QCTO website for more information www.qcto.org.za.

Kind regards

Phindile Ramushu

Accreditation Department.
